

Cookies on this website

The Health Service Executive (HSE) owns and runs this website.

Cookies are small files that are created and saved on your phone, tablet or computer when you visit a website. They store information about how you use the website, such as the pages you visit and how you interact with content.

Cookies are not viruses or computer programs. They are very small so do not take up much space.

How are they used on this site?

This website uses cookies only for functionality that is strictly necessary for services that are explicitly requested by the user for their session as per Regulation 5(5), SI 336 of 2011 (the ePrivacy Regulations). This website uses session cookies. Session cookies are used to deliver the basic functions of a website i.e. to allow pages to remember technical changes or selections you may make between pages. Session cookies are temporary cookies and are generally erased when you close your browser.

This website does not use any third party or persistent cookies.

Managing Cookies

Within your browser you can choose whether you wish to accept cookies or not. Different browsers make different controls available to you and so we provide links below to popular manufacturers' instructions on how you can do this. Generally, your browser will offer you the choice to accept, refuse or delete cookies at all times, or those from providers that website owners use ("third party cookies"), or those from specific websites.
